To Whom It May Concern:

I met Allison Sampson as a Board member of Angels Gate Cultural Center. She conducted a one day retreat for our Board and Executive Director focused on goal setting and communications. I was impressed enough with Allison that I recommended her to our Northwest San Pedro Neighborhood Council for our retreat.

Allison did not disappoint us. She insisted on thorough pre-planning, worked hard during the session, and followed up at various points after the session to be sure that our group carried out our commitments to the organization and one another. Allison is a thorough professional. I would unhesitatingly recommend her to other organizations as a coach who will help you set goals and move forward.

Sincerely,

John Greenwood  
Board Member and Founding President  
Northwest San Pedro Neighborhood Council
